93	$2,350	$108,572	No items highlighted
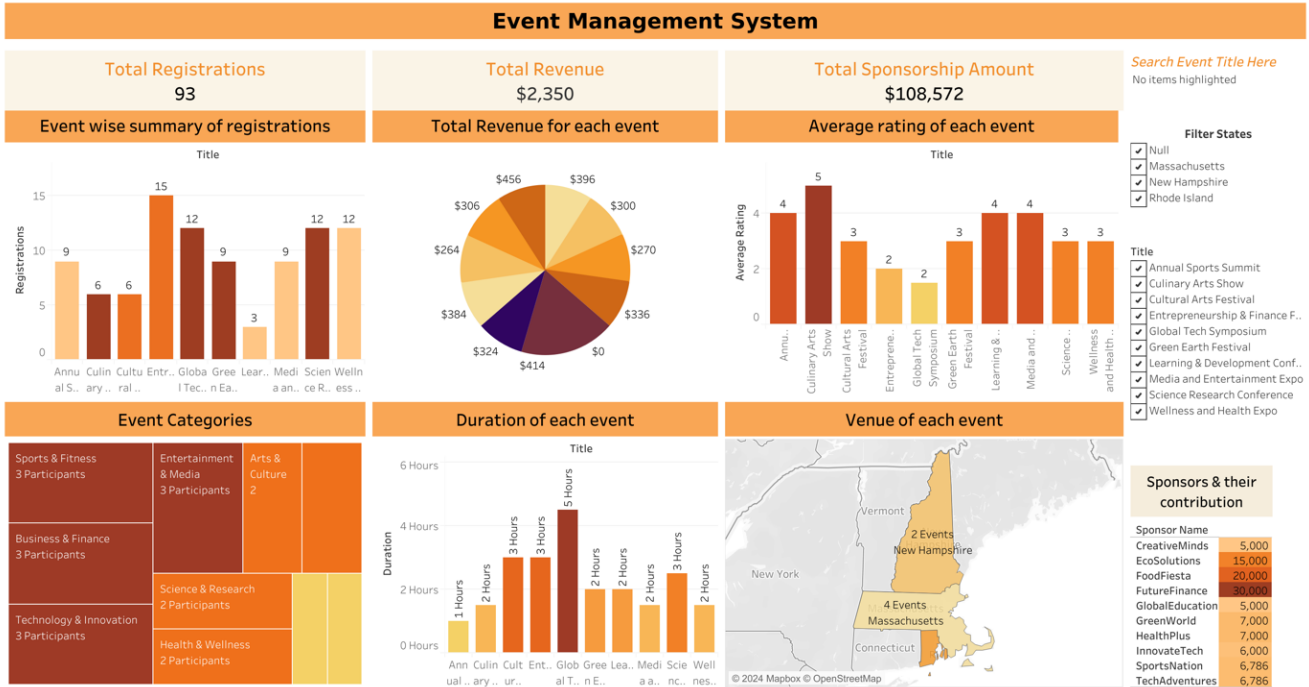

Dashboard Detailed Summary:

- The dashboard provides a comprehensive summary of 10 events, encompassing details such as total registrations and revenue generated across all events.

- Additionally, it includes several graphs to visualize different aspects of the events:

  - ❖ **Graph 1:** Illustrates the relationship between events and their respective registration counts.
  - ❖ **Graph 2:** Displays the revenue generated by each event.
  - ❖ **Graph 3:** Represents the average rating of each event as provided by attendees.
  - ❖ **Graph 4:** Shows the distribution of attendees across different event categories.
  - ❖ **Graph 5:** Indicates the duration of each event.
  - ❖ **Graph 6:** Depicts the geographical distribution of events, either by states or venue locations.

- The dashboard offers interactive features such as filtering by states or event names, enabling users to access specific information easily. Additionally, sponsorship details, including sponsor names and their contributions to events, are provided.

- In summary, the dashboard provides a comprehensive overview and analysis of the considered events, facilitating insights into their performance, attendee satisfaction, and geographical distribution.
